

Who We Are

Welcome to Feijoa Farms, our cherished corner of the world tucked amidst the beauty of the farmlands of California. Here, we grow lush feijoa evergreen trees, creating a picturesque setting for our family-run orchard.

At Feijoa Farms, our passion is to bring you the freshest and most delightful feijoas straight from our orchards.

We take pride in being organically certified! Our Feijoas are super fresh, handpicked daily in season, just for you. Explore the story of Feijoa Farms on our website, where you'll discover the heart and soul behind our commitment to quality and flavor and our passion for this "king of fruit."

The Fruit

Sizes

Lets have a conversation about price and value. Not everyone is buying fruit for fresh eating, but to make jam, kombucha, or cider. So they want the right sizes for the best value. We would love to hear your thoughts!

Small and sweet are \$4.50 per pound, medium and juicy are \$5.50 per pound, and big and substantial are \$6.50 per pound. Regardless of size, you will love the flavor!
